Lee,

As I understand the Norwegian draft law, it seeks to ban non-traditional nicotine delivery systems, e.g., NICORETTE.

The companies which make such products market them as vehicles for helping consumers stop using our products. They also fund anti-tobacco government programs and place anti-smoking advertisements.

Y these reasons we do not believe that it is in PM's interests to oppose this draft proposal.

Please let us know if PMI wishes us to take a different course of action.

Many thanks,

Bernie

Basel,
I spoke with Lee Pollak and he thinks that unless there is some downside, we should oppose the proposal. I can fill you in later. Perhaps what we should do is check with Corporate Affairs to see if they think we could lose something by opposing the proposal. I'm having dinner with Cynthia von Maerestten tonight and I will talk with her then. We probably should also touch base with Bernie and Stig. Is there anyone else, such as Rand? Also, do you want to talk with Bernie and Stig or do you want me to?
